Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner contacted applicant's representative on 8/31/06, regarding the patentability of claim 12. Applicant's representative agreed to amend claim 12. On 9/1/06, examiner received an email of the amended claim 12. The examiner agreed to enter the claim through examiner's amendment. Subsequently, examiner found art (6,609,105) relating to claims 22-28. Thus, contacting applicant's representative on 9/1/06 and mentioning art was found relating to claims 22-28. Examiner stated the examiners amendment will no longer be entered and an advisory will be prepared. On 9/5/06, an advisory was prepared for counting. Later that day applicant's representative called the examiner and would like to cancel claims 22-28 and would like to amend claim 12 as previously emailed 9/1/06, thus agreeing to an examiner's amendment. This was requested prior to the mailing of the advisory. Therefore, an agreement was reached regarding an examiner's amendment prior to the mailing the date of the advisory, no extension of time is needed,
